Independent Auditor’s Report on the Financial Statements

To the Board of Trustees
Society for Science & the Public

We have audited the accompanying financial statements of Society for Science & the Public (the Society) which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Society for Science & the Public as of December 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Society for Science & the Public

Notes to the Financial Statements

A. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: Society for Science & the Public (the Society), which until January 10, 2008 was known as Science Service Inc., is a not-for-profit organization incorporated in 1921 under the laws of the state of Delaware for the purpose of promoting public understanding of science. The Society's operations are financed primarily through subscription revenues and grants from private foundations and corporations. The Society's principal activities include the publication of the bi-weekly news magazine *Science News* and the administration of science competitions for middle school and high school students.

Income taxes: The Society is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and applicable regulations of the District of Columbia, except on net income derived from unrelated business activities.

Basis of accounting: The Society prepares its financial statements on the accrual basis of accounting. Revenue is recognized when earned and expense is recognized when the obligation is incurred.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from estimates.

Cash and cash equivalents: For financial statement purposes, the Society considers demand deposits held at financial institutions to be cash and cash equivalents.

Subscriptions receivable: Subscriptions receivable consists of amounts owed from customers for subscriptions to *Science News* magazine and is presented net of an allowance for doubtful accounts in the accompanying statements of financial position. The allowance for doubtful accounts is estimated based on an analysis of future cash receipts and historical write-offs. The allowance related to subscriptions was \$8,833 and \$0 as of December 31, 2016 and 2015, respectively.

Other receivables: Other receivables consists primarily of amounts owed from customers for membership and services such as advertising and list rental and are presented net of an allowance for doubtful accounts in the accompanying statements of financial position. The allowance for doubtful accounts is estimated based on an analysis of future cash receipts and historical write-offs. The allowance related to other receivables was \$12,184 and \$31,800 as of December 31, 2016 and 2015, respectively.

Society for Science & the Public

Notes to the Financial Statements

A. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Awards payable: Awards payable are recorded when awarded to middle and high school students each year under the Regeneron Science Talent Search (STS), Broadcom MASTERS (MASTERS), Intel International Science and Engineering Fair (ISEF), and other award programs. Awards are generally paid out in installments over a four-year period. However, because substantially all payments are available to be paid out to the winner immediately upon the submission of proper documentation, the awards are not discounted to present value. To receive the payment, students must generally be enrolled in a college or university.

Net assets: For financial statement purposes, net assets consist of the following:

Unrestricted: Unrestricted net assets include those net assets whose use is not restricted by donors, even though their use may be limited in other respects, such as by board designation. The Society's unrestricted net assets are undesignated.

Temporarily restricted: Temporarily restricted net assets include those net assets whose use has been donor restricted by either specified time or purpose limitation. See Note G for details of temporarily restricted net assets.

Permanently restricted: Permanently restricted net assets represent funds that are restricted in perpetuity by the donor. See Note H for details of permanently restricted net assets.

Contributions: Contributions are recognized as revenue when received or unconditionally promised. Contributions are recorded as unrestricted, temporarily restricted, or permanently restricted support depending upon the existence and/or nature of donor restrictions. Support that is restricted by the donor is reported as an increase in temporarily or permanently restricted net assets. Within temporarily restricted net assets, amounts are reclassified to unrestricted net assets when restrictions expire (that is, when a stipulated time restriction ends or a purpose restriction is accomplished). Effective with 2016, the Society adopted a new policy regarding the valuation of long-term promises to give. Under the new policy, absent unusual circumstances, the Society will not record a receivable related to the portion of long-term promises to give that are due in greater than five years. The Society has concluded that the uncertainty regarding events scheduled to occur in more than five years typically precludes an accurate valuation for these amounts. Thus, the new accounting policy should provide for a reasonable and conservative presentation of receivables related to promises to give.

Subscriptions: Subscription revenue is recognized as income over the term of the subscription, generally one or two years. Deferred subscription revenue represents the unearned portion of subscriptions received by the Society as of each December 31.

Contributed services: During the years ended December 31, 2016 and 2015, the Society received \$700,000 and \$895,000 in contributed services. A donor contributed web site security and monitoring services at no charge to the Society. The Society recorded the estimated fair value of the contributed services as contribution revenue and a corresponding expense on the statements of activities.

Functional allocation of expenses: The costs of providing various program and supporting services have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the program and supporting services benefited.

Society for Science & the Public

Notes to the Financial Statements

A. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Joint costs: During the year ended December 31, 2015, the Society incurred joint costs of \$397,904 for the production (printing and postage) of subscriber and newsletter mailings that included fund raising appeals. The Organization allocated \$26,128 to fund raising expense. The Society did not incur joint costs during 2016.

Subsequent events: Subsequent events have been evaluated through March 8, 2017, which is the date the financial statements were available to be issued.

B. CONCENTRATIONS

Credit risk: The Society maintains demand deposits with commercial banks and money market funds with financial institutions. At times, certain balances held within these accounts may not be fully guaranteed or insured by the U.S. federal government. The uninsured portions of these accounts are backed solely by the assets of the underlying institution. Therefore, the failure of an underlying institution could result in financial loss to the Society.

Market value risk: The Society also invests funds in professionally managed portfolios containing various marketable debt and equity securities. Such investments are exposed to market and credit risks and may be subject to fluctuations in fair value. As a result, the investment balances reported in the accompanying financial statements may not be reflective of the portfolio's value during subsequent periods.

Grants receivable: The Society is the recipient of several significant grants from Regeneron Pharmaceuticals, Inc. (Regeneron), Broadcom Foundation, and Intel Foundation. At December 31, 2016 and 2015, substantially all of the Society's grants receivable were comprised of amounts due from these three donors.

C. INVESTMENTS

In accordance with generally accepted accounting principles, the Society uses the following prioritized input levels to measure investments carried at fair value. The input levels used for valuing financial instruments are not necessarily an indication of risk.

Level 1 – Observable inputs that reflect quoted prices for identical assets or liabilities in active markets, such as stock quotes.

Level 2 – Includes inputs other than Level 1 that are directly or indirectly observable in the marketplace, such as yield curves or other market data.

Level 3 – Unobservable inputs which reflect the reporting entity's assessment of the assumptions that market participants would use in pricing the asset or liability including assumptions about risk, such as bid/ask spreads and liquidity discounts.

Equity securities, exchange-traded funds, and mutual funds are classified as Level 1 instruments because they are actively traded on public exchanges. Money market funds included in the investment portfolio are not subject to the provisions of the fair value measurement standard as they are recorded at cost.

Society for Science & the Public

Notes to the Financial Statements

C. INVESTMENTS - CONTINUED

The following is a summary of investments at December 31,:

	2016	2015
Money market funds	\$ 811,966	\$ 673,601
Fixed income mutual funds and exchange traded funds	12,708,636	12,285,281
Equity securities, mutual funds and exchange traded funds	<u>13,022,660</u>	<u>11,826,598</u>
	<u>\$ 26,543,262</u>	<u>\$ 24,785,480</u>

Investment income consists of the following for the year ended December 31,:

	2016	2015
Interest	\$ 770,931	\$ 763,160
Net gain (loss) on investments	<u>901,848</u>	<u>(994,788)</u>
	<u>\$ 1,672,779</u>	<u>\$ (231,628)</u>

Investment management fees totaled \$114,997 and \$117,060 for the years ended December 31, 2016 and 2015, respectively.

D. GRANTS RECEIVABLE

The Society receives several significant contributions from Regeneron, Broadcom Foundation, and Intel Foundation in support of its science competitions. The Society also has received certain other promises to give from individuals and institutions. Grants receivable are discounted to net present value in the period promised, using discount rates ranging from 2.2% to 5.05%. Grants receivable are reported net of the related present value discount.

During 2016, sponsorship of Science Talent Search was transferred from Intel Foundation to Regeneron. Regeneron entered into a ten year grant commitment with the Society to sponsor STS. As discussed in Note A, given the uncertainty of valuing long-term grant commitments, the Society's policy is to record a receivable related only to grant amounts due within five years. Thus, total potential gross payments of \$50,089,000 due from Regeneron for the years 2022 through 2026 have not been included within the grants receivable balance as of December 31, 2016.

Under the terms of the sponsorship agreement, Regeneron placed \$7,000,000 into an escrow account held by a third party escrow agent. The balance in the escrow account will be paid to either the Society or Regeneron should certain events occur. Interest accruing on the amount in escrow will be paid to Regeneron. The Society's financial statements do not reflect any balances related to the amount in escrow.

Society for Science & the Public

Notes to the Financial Statements

D. GRANTS RECEIVABLE - CONTINUED

Grants receivable consists of the following at December 31,:

	2016	2015
Receivable in less than one year	\$ 20,642,032	\$ 15,601,942
Receivable in one to five years	63,995,379	32,321,122
	84,637,411	47,923,064
Less discount to net present value	(6,194,893)	(2,390,935)
	\$ 78,442,518	\$ 45,532,129

E. PROPERTY AND EQUIPMENT

Acquisitions of property and equipment greater than \$5,000 are recorded at cost and depreciated using the straight-line method over their respective estimated useful lives, ranging from 3 to 35 years. Property and equipment consists of the following at December 31,:

	2016	2015
Land	\$ 26,946	\$ 26,946
Building	1,521,182	1,521,182
Office furniture and equipment	552,923	552,923
Computer equipment	725,666	725,666
Capitalized software	793,120	452,120
Vehicles	24,945	24,945
	3,644,782	3,303,782
Less accumulated depreciation and amortization	(3,358,535)	(3,054,729)
	\$ 286,247	\$ 249,053

F. LEASE OBLIGATIONS

During 2013, the Society entered into an operating lease for office space at 1920 N Street, NW in Washington, DC. The lease was subsequently amended to extend the term until March 31, 2017. The landlord terminated the lease early during the year ended December 31, 2016.

In conjunction with the landlord's termination of the 1920 N Street lease, the Society entered into an operating lease for office space at 1233 20th Street, NW in Washington, DC during 2016. The lease is for three years and contains a rental abatement equal to the first two months of rent. The lease further contains an escalation clause that adjusts annual base rentals and a pass through clause related to real estate taxes and operating expenses. Rental expense under these leases was \$326,352 and \$169,225 for the years ended December 31, 2016 and 2015, respectively.

As of December 31, 2016 and 2015 a deferred lease liability of \$61,045 and \$21,113, respectively, is included in accounts payable and accrued expenses in the statements of financial position. Future minimum cash basis lease payments, not including increases in real estate taxes and operating expenses, are expected to total approximately \$399,591, \$405,403, and \$347,670 for the years ending December 31, 2017, 2018, and 2019, respectively.

Society for Science & the Public

Notes to the Financial Statements

G. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets and related activity consist of the following:

	January 1, 2016	Additions	Releases from Restriction	December 31, 2016
ISEF sponsorships and awards	\$ 28,035,343	\$ 1,438,630	\$ (7,973,204)	\$ 21,500,769

	\$ 54,039,495	\$ 12,954,080	\$ (15,964,261)	\$ 51,029,314

H. PERMANENTLY RESTRICTED NET ASSETS

During 2012, the Society received a \$1 million endowment gift for which the income is meant to be used for supporting or expanding programs that impact K-12 students or education. However the donor also provided flexibility to the Society to use income from this fund for general operating expenses if necessary. As of December 31, 2016, the endowment gift had been fully funded.

Interpretation of relevant law: The Board of Directors of the Society has interpreted the *Uniform Prudent Management of Institutional Funds Act of 2007* (UPMIFA) as adopted by the Council of the District of Columbia as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Society classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Society in a manner consistent with the standard of prudence prescribed by UPMIFA.

H. PERMANENTLY RESTRICTED NET ASSETS - CONTINUED

In accordance with UPMIFA, the Society considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization
- (7) The investment policies of the organization.

Return objectives and risk parameters: The Society adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. The investment portfolio is intended to produce returns higher than specified market indices while assuming a moderate level of risk.

Strategies employed for achieving objectives: To satisfy its long-term objectives, the Society will rely on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Society will target a diversified asset allocation to achieve its long-term return objectives.

Spending policy and how the investment objectives relate to spending policy: In accordance with the endowment's terms, annual earnings equal to 3% of the invested corpus will be added to the total corpus. The remaining portion of the annual earnings will be reflected as temporarily restricted net assets until appropriated for expenditure. Appropriations are made at the discretion of management to support or expand programs with an emphasis on those that impact K-12 students and education. Management also has the discretion to appropriate funds to offset expenses related to the development and administration of such programs.

The endowment had a net investment loss during the year ended December 31, 2015. As the net loss was less than 3% of the invested corpus, it was applied against the previously accumulated earnings included within the corpus. Thus, the net investment loss is reflected within the change in permanently restricted net assets on the statements of activities.

Funds with deficiencies: From time to time, the fair value of assets associated with the donor-restricted endowment fund may fall below the level that the donor or UPMIFA requires the Society to retain as a fund of perpetual duration. There were no such deficiencies as of December 31, 2016 and 2015.

Society for Science & the Public

Notes to the Financial Statements

H. PERMANENTLY RESTRICTED NET ASSETS - CONTINUED

Endowment net assets and related activity consist of the following:

	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, January 1, 2015	\$ -	\$ 1,016,591	\$ 1,016,591
Contributions		5,784	5,784
Investment return			
Interest and dividends	-	34,104	34,104

Net investment return	19,900	25,480	45,380
Appropriation of endowment assets for expenditure	(19,900)	-	(19,900)
Endowment net assets, December 31, 2016	\$ -	\$ 1,032,904	\$ 1,032,904

I. RETIREMENT PLAN

The Society sponsors a defined contribution retirement plan. Full time employees at least 21 years old are eligible for an employer contribution. Employees are fully and immediately vested in the Society's contributions upon entry into the plan. The Society makes contributions to the plan of 3% of compensation for all eligible employees, and 7% for all eligible employees who elect to defer at least 5% of compensation. The Society's contribution to the plan was approximately \$614,000 and \$512,000 for the years ended December 31, 2016 and 2015, respectively.

J. POSTRETIREMENT BENEFIT OBLIGATION

The Society maintains a postretirement healthcare benefit plan, which it froze in June 2008. Participation in the plan remains open to all employees hired prior to June 30, 2008. Under the plan, an employee becomes eligible to receive benefits if, upon retirement, the sum of the employee's age and years of service with the Society is at least 85 years. The plan was unfunded at December 31, 2016 and 2015, as the Society does not maintain plan assets.

The *Medicare Prescription Drug, Improvement and Modernization Act of 2003* (the Act) introduces a prescription drug benefit under Medicare (Medicare Part D) that provides several options for Medicare-eligible participants and employers, including a federal subsidy payable to companies that elect to provide a retiree prescription drug benefit which is at least actuarially equivalent to Medicare Part D. As of December 31, 2016 and 2015, the Society had not applied for the federal subsidy. Therefore, no federal subsidy is reflected in the valuation of the plan for the years ended December 31, 2016 and 2015.

Society for Science & the Public

Notes to the Financial Statements

J. POSTRETIREMENT BENEFIT OBLIGATION – CONTINUED

The postretirement benefit obligation, included in the statements of financial position, consists of the following changes that have been recognized in the statements of activities for the years ended December 31,:

	2016	2015
Accumulated benefit obligation, beginning	\$ 1,608,000	\$ 1,872,000
Benefits paid	(16,000)	(18,000)
Net periodic benefit cost	93,000	140,000
Postretirement benefit changes	<u>104,000</u>	<u>(386,000)</u>
Accumulated benefit obligation, ending	<u>\$ 1,789,000</u>	<u>\$ 1,608,000</u>

The net periodic benefit cost, included in operations, consists of the following components for the years ended December 31,:

	2016	2015
Service cost - benefits earned during the period	\$ 67,000	\$ 77,000
Interest cost on projected benefit obligation	72,000	75,000
Amortization of net gain	<u>(46,000)</u>	<u>(12,000)</u>
	<u>\$ 93,000</u>	<u>\$ 140,000</u>

Amounts recognized as a charge to unrestricted net assets that have not yet been recognized in operations as a net periodic benefit cost included the following as of December 31,:

	2016	2015
Gain, beginning of the year	\$ (712,000)	\$ (326,000)
(Gain) loss during the year	58,000	(398,000)
Amortization during the year	<u>46,000</u>	<u>12,000</u>
	<u>\$ (608,000)</u>	<u>\$ (712,000)</u>

The amount of the unrecognized gain expected to be recognized in net periodic benefit cost during the fiscal year ending December 31, 2017, is \$36,000.

The postretirement benefit charges included in non-operating items consist of the following components for the years ended December 31,:

	2016	2015
Amortization of net gain	\$ (46,000)	\$ (12,000)
Net gain (loss) experienced	<u>(58,000)</u>	<u>398,000</u>
	<u>\$ (104,000)</u>	<u>\$ 386,000</u>

Society for Science & the Public

Notes to the Financial Statements

J. POSTRETIREMENT BENEFIT OBLIGATION – CONTINUED

The postretirement benefit obligation was determined using the following rates for the years ended December 31,:

	2016	2015
Discount rate for net periodic benefit cost	4.50%	4.00%
Discount rate for obligations at year end	4.25%	4.50%
Health care cost trend rate assumed for next year	6.50%	6.25%
Ultimate rate (year 2023)	5.00%	5.00%

The mortality table used in the calculation of the Plan's liability was RP-2014 for white collar employees for the year ended December 31, 2015. For 2016, the RP-2014 mortality table for white collar employees projected using generational mortality improvement scale MP-2016 was used.

The annual measurement date used to determine postretirement healthcare benefits was December 31 for each year presented.

	2016	2015
Effect of a 1% increase in medical trend:		
Postretirement benefit obligation	\$ 441,000	\$ 397,000
Postretirement service cost	39,000	45,000
Effect of a 1% decrease in medical trend:		
Postretirement benefit obligation	\$ (338,000)	\$ (303,000)
Postretirement service cost	(30,000)	(33,000)

Based on current data and assumptions, estimated future benefits expected to be paid from the plan are as follows:

Year Ending December 31,		
2017	\$	14,000
2018		18,000
2019		24,000
2020		31,000
2021		39,000
2022 to 2026		261,000

Society for Science & the Public

Notes to the Financial Statements

K. COMMITMENTS AND CONTINGENCIES

Line of Credit: During 2007, the Society entered into an arrangement with a financial institution to secure a purchase card program. The card is supported by an unsecured \$1 million line of credit. The outstanding credit card balance was \$0 at December 31, 2016 and 2015. No interest expense related to the line of credit was incurred during either of the years ended December 31, 2016 and 2015.

During 2013, the Society entered into a separate arrangement with a financial institution to secure a separate purchase card program. The card is supported by an unsecured \$250,000 line of credit. There was no outstanding balance on the card as of December 31, 2016 and 2015, and no interest expense was incurred on this line during 2016 and 2015.

Independent Auditor's Report on Other Financial Information

To the Board of Trustees
Society for Science & the Public

We have audited the financial statements of Society for Science & the Public as of and for the years ended December 31, 2016 and 2015, and our report thereon dated March 8, 2017, which expressed an unmodified opinion on those financial statements, appears on page one. Our audits were performed for the purpose of forming an opinion on the financial statements as a whole. The schedules of functional expenses on the following pages are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information on the following pages is fairly stated in all material respects in relation to the financial statements as a whole.
